BRIEFING

INFORMATION

FOR: David Y. McManis
NIO for Warning

DATE: 9 August 1983

FROM: *Arthur W. Long*
Treasury Member, WAOCC

SUBJECT: NOIWON Upgrade

Ref: Your memorandum, subject as above, 7 July 1983

As requested at the WAOCC meeting of 27 July 1983, Treasury comments to reference are provided.

Treasury continues to be very interested in membership in the NOIWON in its current or future configuration. Increasing departmental responsibilities substantively involving economic issues, terrorism, narcotics control and technology transfer, coupled with Treasury's responsibilities as a first tier participant in crisis management, underscore the need for Treasury NOIWON participation.

We will leave comments on the upgrade proposals to the departments and agencies that have worked directly with the system. From a Treasury perspective, selective conferencing on certain specific issues would be useful if protocol considerations can be met.
